

CONTROL PACKS

MYSON produce a range of control packs, with all the system controls you need in one handy box. They are designed to help installers and specifiers and come with easy-to-follow wiring instructions.

The attractive control packs are designed to give you exactly the right combination of controls to make your central heating system work more efficiently. All the products in each system pack have been developed to be attractive yet unobtrusive and each will complement your home. Correctly installed, the MYSON control system will allow you more effective and economical control of your heating and hot water.

The packs suit all standard types of heating systems and will meet most requirements, from fully pumped flow share and zoned systems to unvented hot water storage systems.

For individual control pack contents, refer to the table below.

General specification

GUARANTEE
2 year guarantee from date of purchase against manufacturing defects.

DELIVERY
2 - 5 working days.

For more general information, please see page 264.

Please note: Product styles in the Control Packs may change, however, the function will still be the same.
